LB 735A, 735

not go into the full-blown audit to 12 smaller elevators. We, hopefully, it works and still saves some money from what the audit might be. I think we're...we've done a step in the right direction. I'd like to thank the different entities in the grain business that have come together and worked with us on this. And with that, I'd ask your approval and vote for this amendment...or for this bill.

SPEAKER BROMM: Thank you, Senator Kremer. The question then before us is the advancement of LB 735 to E & R Initial. All in favor please vote aye, and opposed nay. Please record.

CLERK: 32 ayes, 0 nays, Mr. President, on the advancement of LB 735.

SPEAKER BROMM: LB 735 is advanced. LB 735A.

They would pay the fees and it would go to the cash fund of the Nebraska State Patrol. It just authorizes them to use those cash funds to fund this procedure. I might add that every grain...every applicant for a grain dealer's or warehouse's license, even if it's a renewal application, will have to go through this criminal check the first time. If they've done it once, then they do not have to do it. So it's anticipated there will be a lot more this very first year. After that then the only ones that would be the criminal check would be applied to would be those getting a new warehouse license or a grain dealer's license. With that, I'd ask your support of LB 735A.

SPEAKER BROMM: Thank you, Senator Kremer. Any discussion, members? Seeing none, you're recognized to close on the
